

RHOK
Rugged parts for your ride.

Rear Seat Back Cover Modification Template

- 1) Cut out the two holes below that match the correct seat back cover. These holes will be used as guides.
- 2) Align the template's cut holes with the current holes in the seat back cover.
- 3) Use a center punch to mark the (2) new holes onto the seat back cover.
- 4) Drill the marked locations with a 7/8" drill bit.
- 5) Install the seat back cover on the rear seat as shown in the instructions.

SCALE

If scale is correct,
square should
print to 1"x1".
