

RP-011

Diamond Plate Rocker Panel Set

Club Car Precedent

Installation Instructions

Contents of RP-011 Diamond Plate Rocker Panel Set:

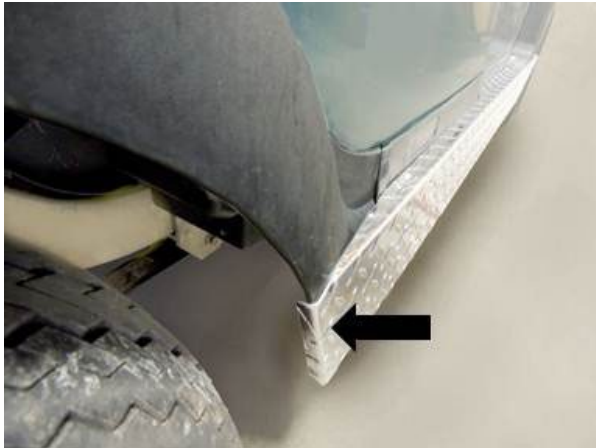

- a (1 ea.) Driver Side Rocker Panel
- b (1 ea.) Passenger Side Rocker Panel
- c (6 ea.) #10 x 1.5" Self Tapping Screws

Caution: Please read through the instructions carefully. Look behind each drill location **BEFORE YOU DRILL**. Installer is responsible for damage (i.e. drilling into a wiring harness, battery, fuel tank etc.).

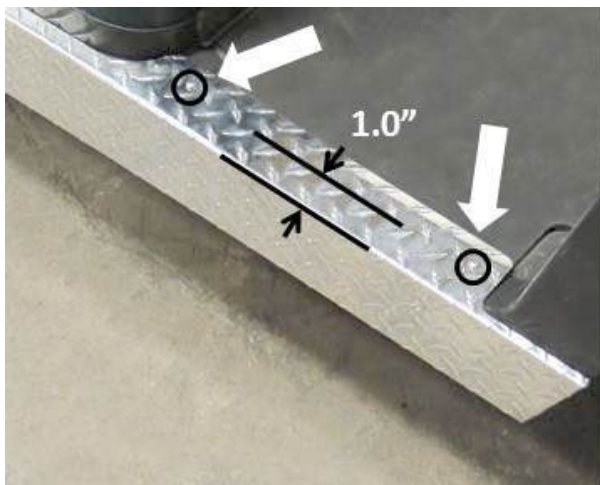

Passenger Side Diamond Plate Rocker Panel

Note: Passenger side is shown in the photos for all steps.

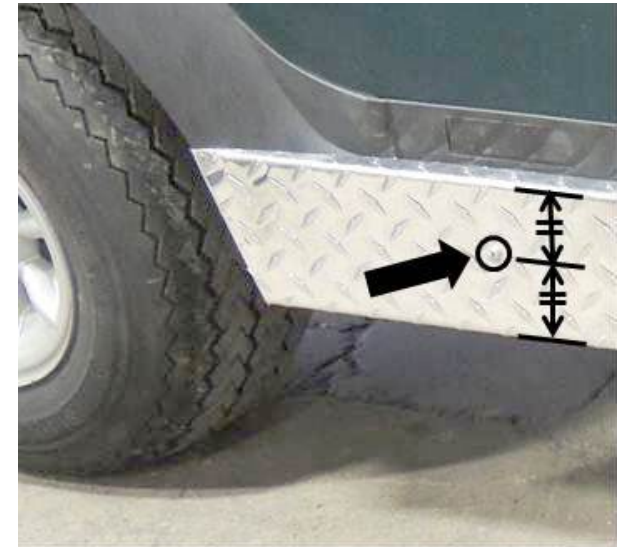

1. Place the Passenger Side Rocker Panel over the existing, factory Rocker Panel. The rear lip should wrap around the rear wheel well.

2. Push the Rocker Panel towards the front of the cart and into the cart for a snug fit.
3. Once in place, drive (2) #10 x 1.5" Self Tapping Screws into the top of the Rocker Panel plate approximately 1.0" from the outer wall of the cart.

4. Lastly, drive (1) #10 x 1.5" Self Tapping Screw into the side of the Rocker Panel near the rear wheel well and the seam of the factory Rocker Panel. The screw placement should be equal distance between the top and bottom of the Rocker Panel.

Driver Side Diamond Plate Rocker Panel

1. Repeat all steps in the section above for the Driver Side Diamond Plate Rocker Panel.

This completes the installation of your Precedent Diamond Plate Rocker Panels. Please enjoy safely!
